**Subject:** FW: Regional Haze for the 2nd Planning Period

Fyi- Lynde has assigned attorneys for the second planning period SIPs.

She also said to go ahead and include the lead attorneys in any meetings we have with our states related to the second planning period SIPs. I forwarded the meeting invite for the TX regional haze meeting we have scheduled with TCEQ next Thursday to Jacob and also the placeholder meeting invite for Oklahoma regional haze to Ndubisi.

**Subject:** RE: Regional Haze for the 2nd Planning Period

Texas (Jacob), Louisiana (Adaobi), Oklahoma (Ndubisi), Arkansas (Jacob), New Mexico/Albuquerque (Aaron). When SIPs come in, this all may change based on workload down the road. I will let Michael know.

**Subject:** Regional Haze for the 2nd Planning Period

Michael Feldman would like to get ORC involved in early discussions with our states on the 2<sup>nd</sup> Regional Haze planning period / SIP development. SIPs are due to us by July 2021. He imagines states will propose their plans by end of 2020'sh and submit sometime in 2021. This is a longer-term project for planning purposes. He would like the attorneys to attend planning meetings to absorb what technical information we need/may be developed by our states. I do not see this taking much time now – ( a few calls/mts to attend with the program) but would like for you all to get involved to keep track of developments so there are no big surprises when our states start developing their plans and submitting them to us.

Thank you.
